MAKE A DIFFERENCE
...and have fun doing it.

After hosting the Alzheimer’s Music Fest for the past 9 years in the Atlanta area and beyond, founder/singer/songwriter, Vince Albert Zangaro, and Friends of Disabled Adults and Children (FODAC) are thrilled to bring this important cause and fundraiser back to Georgia.

Featuring a few of the most Iconic bands to come out of 90’s - Arrested Development, Cowboy Mouth and Cracker - the next festival is being held at the Buckhead Theatre on Saturday, February 4th, 2023.

Join us for a day of amazing music, food/drink, laughs and loads of fun.

FODAC’s mission is to enhance the quality of life for those living with disabilities including Alzheimer’s/Dementia families by providing low to no cost home medical equipment that promote mobility and independence.

Dementia, Alzheimer’s: A global crisis affecting us all

More than 6 million Americans and 15 million caregivers are living with Dementia today. These numbers are expected to TRIPLE in the next 30 years. 70% of persons living with dementia live within their community and are not able to afford proper medical care equipment.

Without a cure in our near future, we must take action for change and focus on providing mobility and independence. Caring for persons and families living with dementia is overwhelming and costly and in many cases medical insurance will not provide the resources needed.

Fodac is a 501(c)3 nonprofit established in 1986 dedicated to supporting families and individuals facing the many deferent diagnoses of Adults and Children living with disabilities. Alzheimer’s/ Dementia Disease being some of the most common.

Fodac offers many services to our families: Items available include hospital beds, patient lifts, manual and power wheelchairs, bathing and toileting aids, scooters, rollators, walkers, canes, crutches, and specialized pediatric equipment like standers, gait trainers, positioning seats, and much more. Our goal is to bridge the gap between isolation and independence by increasing access to recycled HME that will aid clients to participate in school, work, and community activities; to be self-sufficient in their home and personal care, and to lead full and productive lives while managing their disabilities. Having access to appropriate assistive devices promotes healing, independence, and assistance to caregivers.

With your help, we can do more.

Let's work together!

Choosing to become a sponsor is an impactful way for your company to show support to persons and families living with dementia. By becoming an AMF sponsor, you will assist us in lending a helping hand to families while promoting your organization to the community as a whole and to our Alzheimer’s Music Fest attendees.
