# ROCK 'N' ROLL and Make a Difference!

## Featuring 90's Iconic Band, CRACKER!

FODAC is a 501(c)3 nonprofit established in 1986 dedicated to supporting families and individuals facing the many different diagnoses of adults and children living with disabilities, injuries, and illnesses. FODAC has been serving the Savannah and coastal areas with deliveries of medical equipment for more than 5 years and is now starting an operation in Savannah that will help the area with real time access to the equipment and services we provide.

FODAC offers many services to our families: Items available include hospital beds, patient lifts, manual and power wheelchairs, bathroom equipment and more. These items are low to no cost and easy to request and receive. Our goal is to bridge the gap between isolation and independence by increasing access to gently used HME that facilitates individuals participating in work, and community activities as well as supporting caregivers in the home. Having access to appropriate assistive devices promotes healing, independence, and assistance to care partners, which allows for full lives while managing the disability.

# With your help, we can do more.

# A Message from Alzheimer's Music Fest:

After hosting the Alzheimer's Music Fest for the past 10 years in the Atlanta area and beyond, founder/singer/songwriter, Vince Albert Zangaro, and FODAC are thrilled to bring this important cause and fundraiser to Savannah, GA for the first time.

There are over 10 million new cases of dementia each year worldwide, implying one new case every 3.2 seconds. 11 million caregivers provided unpaid care for people with Alzheimer's or other dementias, providing an estimated 18 billion hours of unpaid assistance — a contribution valued at \$339.5 billion.

Caring for people and families living with dementia is overwhelming and costly, and in many cases medical insurance will not provide the resources needed.

Friends of Disabled Adults and Children is helping real people - right here, right now! Many of us have lived the dementia journey and understand how badly care partners in the trenches need support.

With your help, FODAC can do more.

Let's work together!
